Our Irvine office is located in the heart of Orange County by John Wayne Airport. It has grown to include over 100 team members. Our accounting firm serves businesses that mirror the Orange County marketplace and includes the real estate, private equity and investment management, manufacturing, retail, distribution, and technology industry sectors. Our Irvine office provides tax, audit, and mergers & acquisition services to private companies, closely-held businesses, and public companies. We provide auditing services to privately held businesses and employee benefit plans. We have extensive experience serving high net worth individuals and family offices and provide comprehensive tax services including planning, compliance, estate and trust services.

We are known in the marketplace as a firm with deep technical skills addressing the most complex tax issues associated with partnerships and pass-through entities. We deliver value and provide solutions that help our clients achieve their goals. Clarifying and resolving complex issues is what we do. How we do it is what sets us apart from other CPA firms.
