A business that has never conducted an audit, or one that is preparing to go through a sales transaction, may not have an experienced team in place to prepare the organization for the next stage in its growth. Conducting a first-time audit or going through a sale are critical milestones in a business' lifecycle that require the guidance and hands-on assistance of experienced and skilled financial professionals that many organizations don't have on staff.

The HCVT Fractional Accounting & Advisory Services team can step in to close the support and skills gaps organizations may find in their teams at pivotal growth junctures. We specialize in serving closely held, middle-market organizations across a number of industries. Our professionals have extensive transaction advisory experience. Clients value our ability to understand the needs of all deal participants, especially those in private equity and investment banking.
